# 1. ITF World & ITF Flanders

## ITF WORLD 2023

May 16-17, 2023 (1.5 day conference)

Elisabeth Center, Antwerp

“**ITF World**” is an initiative of imec, one of the world’s leading R&D and innovation hubs in nanoelectronics and digital technology. Committed to drive disruptive innovation, imec leverages the expertise of over 5,500 top scientists and engineers, and a partner network including the world’s leading companies in semiconductors, ICT, healthcare, IoT and energy.

### WHAT IS IT?

“**ITF World**” formerly known as Future Summits, is an annual technology conference held in Belgium for an international audience. It offers you the perspective you need to get a clear view of the **tech future**. Thanks to **inspirational talks, astonishing demos** and **plenty of networking opportunities**. ITF World features a **program clearly centered around semiconductor technologies & system scaling**. With insights that highlight imec’s role & activities to progress Chips Act initiatives worldwide.

Technology profoundly changes the way we live - for the better. You will hear visions that are bound to inspire you and spark ideas for your own smart innovations. It is a technology-driven conference with industry speakers and imec speakers **exploring the nano & digital technologies behind game-changing innovations** in **healthcare, smart cities** and **mobility, ICT, logistics and manufacturing, and energy**.

Dedicated track within ITF World

#### DEEP TECH DIVE

Deep Tech Dive is an opportunity for investors, established companies, and entrepreneurs to **take the pulse of what’s happening in the deep-tech venturing landscape**. Members from VCs, corporate investors, and promising young tech companies will discuss the vital role of start-ups and scale-ups in the fourth wave of disruptive innovation – on the crossroads of science and engineering. This deeptech venturing session is open for corporate investors, VC’s, institutional investors, deeptech startups and scale-up.

ITF World is the flagship of a series of ITF conferences. We have been organizing annual ITF conferences for many years at several locations around the globe to which we invite leading executives representing the semiconductor and deep-tech innovation ecosystem.

### WHO ATTENDS?

ITF World welcomes 2,000 attendees from around the globe – ranging from industry experts and business leaders to policy makers, futurists, technology gurus, entrepreneurs from start-ups to scale-ups, analysts and investors.

**Audience: In 2022 we welcomed up to 2,000 attendees from 30 countries.**

# ITF FLANDERS 2023

May 17, 2023 (0.5 day conference)

Elisabeth Center, Antwerp

“ITF Flanders” is an initiative of imec, one of the world’s leading R&D and innovation hubs in nanoelectronics and digital technology. Committed to drive disruptive innovation, imec leverages the expertise of over 4,500 top scientists and engineers, and a partner network including the world’s leading companies in semiconductors, ICT, healthcare, IoT and energy.

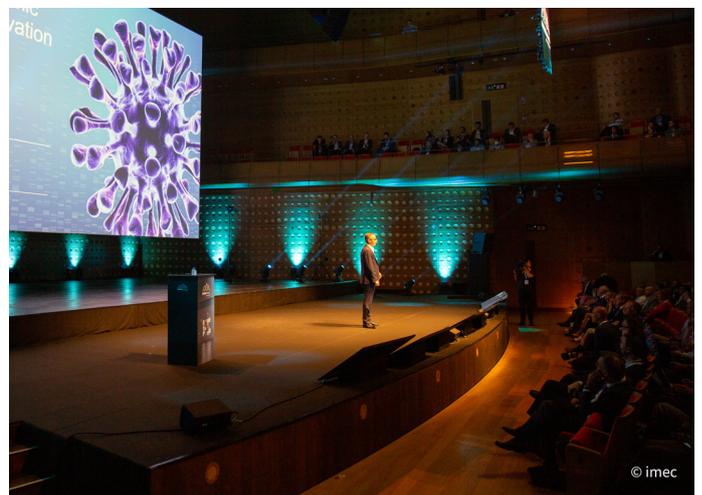

## WHAT IS IT?

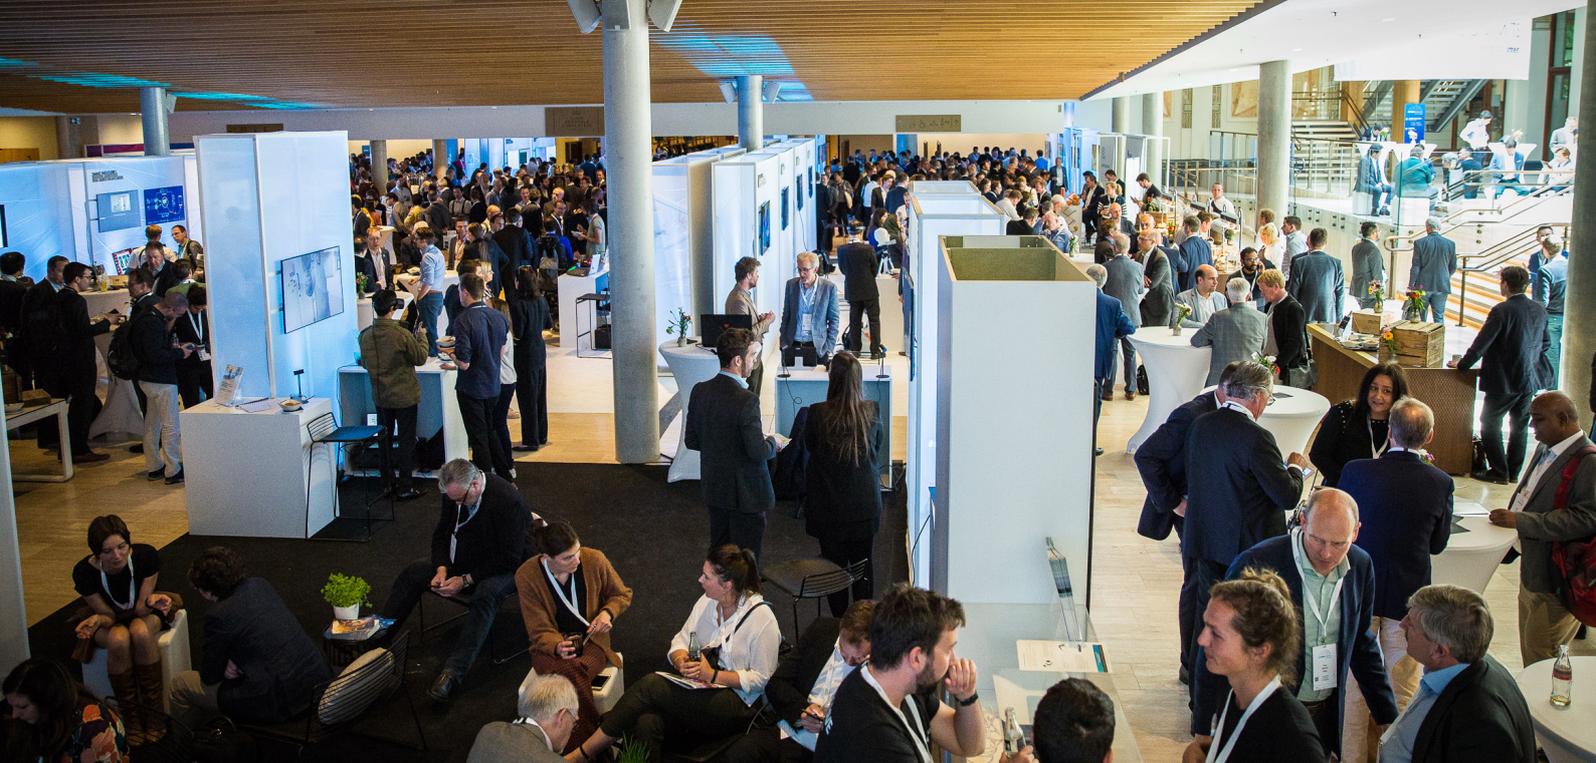

“ITF Flanders” is a technology conference held in Belgium especially for Belgian/Dutch companies that, at first glance, are not immediately related to the semiconductor industry but that can benefit from the innovations originating there.

These companies will discover how technology as an enabler can contribute to real impact for their business & society.

## WHO ATTENDS?

Everyone who wants to learn how technology can “fast forward” their business. Ex. SME’s, business leaders, policy makers, communities, entrepreneurs, investors, R&D managers, starters, researchers, ...

## WHY SPONSOR?

Both events have a **clear focus on technology & society**, a **speaker line-up of renowned experts** sharing their views from a research, innovation and business perspective. **ITF World** and **ITF Flanders** offer an **excellent networking occasion** to **discuss the future, future systems, roadmaps** and **collaboration opportunities**.
